

## DSP SPOTLIGHT!

We are pleased to spotlight DSP (Direct Support Professional) Belinda Carson for the month of April. Belinda has been working in the field of developmental disabilities for 15 years. After a friend called and said she would like it and that she should apply, she did and has been working with Production Services Unlimited, Inc. ever since.

When asked if anyone has stood out to her as a mentor in this field, she replied “there have been so many wonderful people who have taught me so much since starting in this field. But as standouts Dave Farmer, Dawn McKenna and Heather Moore really took the time to educate me”.

Belinda thoroughly enjoys the people we serve and loves to see people learn, grow and meet their goals. Katrina Reese of Warren County Board of DD said of Belinda: “Belinda is always willing to listen, help troubleshoot, and encourage. She speaks up for what is right and is a huge advocate. She not only recognizes the strengths of individuals, but celebrates and capitalizes on them”. In her free time, Belinda enjoys to read a lot. She also enjoys spending time with her family and sitting poolside during the summer.

Thank you Belinda for all you do to support people in Warren County!
