First Aid and CPR Clarifications

- New training requirements
  - Online CPR/first aid classes will be accepted. Appropriate CPR/first aid certification must be obtained if the staff person maintains a direct support position after June 1, 2020.
  - Staff without current CPR/first aid may provide direct support if they are working with a nurse or at least one other staff person who has current CPR/first aid.

- Online CPR/first aid resources*
  - Red Cross online-only training
  - Health and Safety Institute
  - National Safety Council
  - American Healthcare Academy
  - National CPR Foundation
  - (*Inclusion on this list is not an endorsement by DODD.)

- Although DODD is currently accepting online training, each of the specific online entities have requirements for when the in-person skills session needs to be completed. Please consult with the company you obtained your online CPR training through to know when the In-person skills session needs to be completed by.
