Governor Announces Vaccination Program

In today’s press conference, Governor Mike DeWine announced details for Ohio’s first phase of vaccine distribution that is expected to begin on or around December 15.

During Phase 1, vaccine supply will be limited, and Ohio will focus on vaccinating those who wish to be vaccinated in the critical Phase 1A groups outlined in the graphic below.

This first phase will include people with developmental disabilities who live in group settings and the direct support professionals (DSPs) who support them.

DODD will provide more updates as more information is available.
