

DSP SPOTLIGHT!

We are pleased to spotlight DSP (Direct Support Professional) Diane Wedding for the month of November. Diane has worked as a DSP for 11 years! She took a break to be a stay at home mom/foster mom, but is back working as an independent provider!

Diane is a nurturer by nature and was looking for a career change. After some soul searching, she realized she wanted to work hands on and loves her career.

Her mentors are her parents! Her parents had serving hearts and she is grateful for their example! Diane's favorite part of being a DSP is helping others. She says, "the appreciation and love I receive over the simplest things is so touching."

Diane's favorite things to do with the individuals she works with is getting them out into the community, going shopping, out to eat, and going to the movies.

In her free time, she enjoys photography and Friday night lights cheering on her favorite player, #21, on the undefeated team, Kings! Diane also loves the beach and traveling with her family. In addition to being an Independent Provider, Diane is a certified Optavia Health Coach, and enjoys helping others achieve their goal weight and live a healthier life! She is also active in her church!

Thank you, Diane, for all you do to support people in Warren County! If you would like to nominate a DSP for the spotlight, please visit us at
