

Attention Special Olympics Athletes:

Warren County Special Olympics plans to move forward with a basketball season, but **there will be some changes**. As we continue navigating a pandemic and safety is the priority, we will split our teams into two different practice nights. This will reduce the attendance, and also provide more time for needed instruction. We are very fortunate to have Coach Chris Benton return, and we are very excited to add Coach John Henry to one of our teams. Many of you are familiar with John from softball. He will be bringing along Coach Keagan too. Chris will help with both teams, but not be spread as thin. Nicole is happy to help with “Blue”.

If you played on Team 2 (the team that played second), you will be considered ‘Wildcat White’. You will be practicing on Monday evenings, at Urbancrest Church in Lebanon. If you were a member of the first team, now “Wildcat Blue”, you will be practicing at Mason Community Center on Fridays. Practices will all begin at 6:00 pm. Dates are listed below. New members will be assessed.

***Please adhere to the practice schedule of your assigned team. DO NOT ATTEND BOTH!! Contact me (or Chris), for correct assignment.**
