

THANK A DIRECT SUPPORT PROFESSIONAL!

Direct Support Professional Appreciation

The contributions Direct Support Professionals (DSPs) make to the lives of individuals with developmental disabilities, are many. In addition to providing supports, DSPs act as advocates for individuals by communicating their needs, self-expression, and goals.

Join the Warren County Board of Developmental Disabilities (WCBDD) in our efforts to say, “thank you” to DSPs! All you need is a camera!

Take a short video of yourself thanking a DSP!

Film horizontally so we can better see your face!

Talk about how a DSP improved your life!

Don't be shy!

Video submissions are due September 9th!
