

## WHAT CAN I DO AS I RETURN TO WORK?

# HOW TO WEAR A MASK

The Warren County Health District received several complaints this past weekend over masks not being worn in local businesses.

Take the time to protect yourself, co-workers, and families. We need to continue to support our community efforts to control the spread of COVID-19 more now than before. Please wear a mask and wear it correctly.

Please pay attention to any symptoms or changes you may experience.

## CORRECT PROTOCOL FOR WEARING A MASK AT WORK

**Do use coverings that fit snugly but comfortably and allow for breathing without restriction.**

**Do secure behind the head with ties or ear loops. Wear horizontally**

**Do ensure that your nose, mouth, & chin are covered at all times**

**Do wash your hands before putting on & immediately after removing**

**Do launder cloth coverings after each use**

**DO NOT touch the mask while wearing it. ...if you do, wash your hands immediately**

**DO NOT allow the mask to slip under your nose or chin and DO NOT untie straps/unhook ear loops**

**DO NOT touch your eyes, nose, or mouth when removing the face covering**

**DO NOT wear when wet from laundering or from spit or mucus**
